# Racist Council Planned Here

By TOM GAVIN  
Denver Post Staff Writer

An attempt to form a Denver branch of the Citizen's Council of America—a racial segregationist organization headquartered in the Deep South and originally called the White Citizens Council—will be made at an Aug. 5 meeting in north Denver.

Temporary chairman and apparent organizer of the fledgling Denver chapter is Lyman E. Steele of 343 Corona St., a guard at the Gates Rubber Co. plant.

Steele could not be reached for elaboration Thursday, but he has mailed invitations to the organizational session and

told managers of the building he has rented — the Colorado Grange Hall at 2475 W. 26th Ave. — that he expects 300 to 400 persons to attend.

## LIKE TO CANCEL

Claude Grimes, secretary of the Grange Building Co., said Thursday he was not aware of the organization's nature when the 7 to 10 p.m. Aug. 5 auditorium rental was negotiated — and said he'd "sure like to" cancel the rental.

"We're not at all in favor of that," Grimes said after learning of the council's segregationist viewpoint.

A similar attempt to organize a California chapter of the council last year met a temporary setback when officials of the Ambassador Hotel, after learning the group's identity, canceled a meeting rental.

Steele's letters inviting attendance at the 8 p.m. Aug. 5 meeting said the Denver branch is being formed because of individual freedom by the increasing erosion of state's rights and the adoption of civil rights laws.

## LAW ASSAILED

The letters attack Colorado's Fair Housing Law as "an outrageous and unconstitutional interference with personal freedom."

It also praised the national Citizens Council organizations as "the most effective method yet developed" for combating collectivism and "thwarting schemes for minority group

domination of political affairs and maintaining harmonious race relations."

Speakers at the meeting, the letters said, will be Louis W. Hollis, executive director of the parent group, and William K. Shearer, a Californian who "will present the facts in the current attempt to betray the public and our white population."

Admission to the meeting, Steele said in the letters, will be by special invitations—to be mailed separately—only.

## DENVER CITIZENS' COUNCIL

ORGANIZATION COMMITTEE  
DENVER, COLORADO

ADDRESS MAIL TO:  
P. O. Box 2206  
Denver, Colorado

A group of civic leaders in our area is concerned about the destruction of individual freedom by the increasing erosion of States' Rights and the adoption of civil rights laws. These forced integration measures will bring government coercion into every local community and will destroy property rights and freedom of choice.

Early this year the Colorado legislature passed a Bill, sponsored by both political parties, which dictated to the property owner to whom he could sell or rent his property. This bill is an outrageous and unconstitutional interference with personal freedom.

We believe that the majority community needs a responsible voice, and that the solution lies in the formation of a strong, permanent, locally-autonomous organization built on non-partisan lines and devoted to securing action by Denver residents.

By adopting a plan that has proven its worth throughout the nation we can take the offensive! By abandoning the defensive posture of the past, and by pooling our talents, and our understanding of the collectivist danger, we can make our local and state governments once again instruments for the protection - rather than the destruction of our Constitutional rights.

On Thursday evening, August 5, 1965, at 8:00 p.m. an organization meeting will be held in the Grange Building, 2475 West 26th. Avenue, in Denver. Because of the importance of this meeting, a special invitation will be sent you in a few days and this must be presented at the door before you will be admitted.

At this meeting, a DENVER CITIZENS' COUNCIL will be organized. Only those who believe in the fundamental principles of individual freedom, States' Rights and Constitutional government, and who wish to help perpetuate these ideals, should attend.

Our Council, like many others formed in cities and states across the country will be affiliated with the Citizens' Councils of America, the nation's largest conservative action membership organization.

Keynote speaker at our organization meeting will be the Honorable William K. Shearer, well-known California editor, civic leader and publisher of the "California Statesman". He will present the facts in the current attempt to betray the Republic and our White population. Also on hand will be Louis W. Hollis, Executive Director of the Citizens' Councils of America, to show us "What Lies Ahead Without Organization?".

An acknowledged 11-year record of accomplishment stands behind the Citizens' Councils of America program. This movement is the most effective method yet developed for combating the growth of collectivism, upholding law and order, thwarting schemes for minority-group domination of political affairs and maintaining harmonious race relations.

Please take a moment NOW to indicate on the bottom of this letter whether you plan to attend this interesting organization meeting in Denver. By all means, attend the meeting if you possibly can - and you are authorized to bring other members of your family or friends who feel as you do. Please detach your reply and return it today. We look forward to seeing you August 5, 1965, at the Grange Building, 2475 26th Avenue, in Denver.

Sincerely,

*Lyman E. Steele*

A second confidential source, who has furnished reliable information in the past, advised on August 5, 1965, that additional information from this group was mailed in Denver on July 31, 1965. This material contains information about the organization committee of the Denver Citizens' Council. This literature contains questions and answers with the title, "Why Must Denver Organize?" The following portion is quoted from this literature:

"Q-What is the present racial situation in Denver"

"A-For the past several years, there has been a growing awareness among local people that, in terms of discussion of racial problems, the majority community has been almost totally without a voice or representation. Well intentioned efforts to appease racial agitators have served only to whet the agitators' appetites for power. Today, civil rights fanatics will settle for nothing less than total compulsory integration of every residential area, every social gathering, and every privately-owned business enterprise. Law enforcement, property values, our schools and neighborhoods are all threatened by the civil rights drive for preferential treatment for the Negro minority."

On July 28, 1965, Montague C. Whitman, Motor Vehicle Division, Denver, made available the operator's license of Lyman Elmo Steele. The records reflect that Steele has a chauffeur's license issued in Denver on January 21, 1964. The license shows the following description of Steele: U.S.A. MRS

The Denver Post, on September 21, 1966, reported under byline of Colorado Springs, Colorado, that a group of local citizens aided by out-of-state organizers, had formed a Colorado Springs Citizens Council "to protect state and individual rights." The article continued that "Rudy Fahl, a local realtor," stated that the first meeting was planned for September 27 at the City Auditorium Little Theatre.

Fahl is quoted as saying, "There hasn't been any trouble here so far, but we're organizing the council before there is any."

Fahl is reported to have said that the council is similar to the one formed in Denver and those being formed in other cities around the country. Fahl is reported to have said that Mississippians residing in Colorado Springs have been contacted to join the organization. It was further reported that Louis W. *CITIZENS COUNCIL - DENVER*

## White Citizens Council Invades Denver; Finds 100 New Members in City

**DENVER**—The White Citizens Council invaded the Mile-High City, sat up organizing shop at Colorado Grange Hall and welcomed some 100 new members into the fold.

The pattern of the gathering was indicated by one woman who, arriving early, stood beside a picket line of Denver Friends of the Student Non-Violent Coordinating Committee (SNCC), Congress of Racial Equality (CORE) and NAACP and shouted derogatory terms like "hello, white trash," "hurray for George Wallace, the greatest man in the world," and "nigger lovers."

Lynian E. Steele, a guard at Gates Rubber company

and temporary chairman, presided at the opening session. William K. Shearer, San Diego, editor, pro-segregationist, California Statesman, gave the keynote address.

**SHEARER'S SPEECH** pointed up the decayed philosophy of the Council, the Ku Klux Klan and the far-rightist John Birch Society, when he said "The Negro revolution is one of extrem-

ism and violence which threatens the safety of the cities and the nation."

Members of the mass media were barred from the meeting. Phil Meuller, KIMN radio, was struck on the arm and shoulder as he was put out of the hall. Art Peterson, KBTB, was hit on the back of the ear and Stan Bron, KBTR radio, was grabbed by two men and thrown out.

Women were no exception. Donna Logan, star reporter, Denver Post, was bodily ushered out.
